BOSTON, MASS., FRIDAY, MARCH 3, 1905.

PRICE THREE CENTS.

SENIOR DINNER.

Last Class Dinner at Tech Union
Last Night.

One hundred and thirty-three Seniors gathered together last night for their class dinner. Yells and songs innumerable kept things lively and put the men in a receptive mood for the excellent speeches which followed the dinner.

G. W. C. Whiting acted as toast-master for the evening and was introduced by President Motter. Mr. Monroe was introduced as the first speaker. Mr. Monroe spoke on getting through life's "Post Graduate Course," illustrating his points by some amusing stories. Loyalty to the Institute, he thought was a very valuable asset in life's account. Mr. Homer S. Albers, the second speaker pointed out some advantages and disadvantages of great wealth. Prof. Sedgwick followed Mr. Albers. T. E. Jewett spoke on the plan for restoring the Huntington Hall Frieze and urged the Class to make a present of part of the Frieze on Class Day. Mr. Bourne '95, was introduced and he told the history of the Frieze. B. E. Lindsly spoke on Track Athletics at the Institute, and of the good prospects our track team has this spring. E. B. Hill spoke on the Senior Portfolio. The dinner was a great success in every way, and was heartily enjoyed by all those present.

Handicap Meets

On account of the scarcity of entries, the handicap meets will be postponed one week. The first event will be the running high jump (6-inch limit), which will take place March 7, at 4.30 p.m., at the Gym. Entries must be made in the book hanging in the gymnasium door, as soon as possible. The pole vault will be held on March 14, and the shot put on March 21. It is to be hoped that there will be a large number of entries, in order that new material may be brought out. No entrance fee is required. Silver and bronze medals will be given in each event. These medals will not be given to men who do not report for daily practice, or who do not enter their names in the blue book.

BASKET BALL.

Tech, 37, Holy Cross, 18.

The Tech Basket Ball Team defeated the strong Holy Cross Team by the score of 37 to 18, at the Exeter St. Gym, Wednesday evening. The game was the fastest seen here this season. Tech outplayed her opponents in every department of the game scoring almost at will. During the first half both teams played a strong game, Tech continually shooting and the Holy Cross team playing a good defensive game. At the end of the half the score stood, Tech 16, Holy Cross 4. Of this score, two points on each side were obtained from free throws. In the second half Tech kept up her good playing and although Holy Cross played a better game than during the first half she was clearly outclassed. The final score was Tech 37, Holy Cross 18.

This is the first time that the Holy Cross Team has been defeated this season, although they have played against the leading college teams including that of Harvard during the season.

The line up:

TECH.	HOLY CROSS.
Blake, l.f.	Stevenson, r.f.
Burleigh, r.f.	Spring, l.f.
Wentworth, c.	Hogarty, c.
Matheson, r.b.	Reed, (Foley) l.b.
Wiggins, l.b.	Connors, r.b.

Goals made by Wiggins 6, Matheson 4, Blake 3, Wentworth 3, Burleigh, Stevenson 3, Spring 3, Hogarty. Goals from fouls, Blake 3, Spring 4. Referee, Goggin, Hehr. Timer, Mahan. Time, twenty minute halves.

The game between the Second Team and South Boston High, was postponed by the South Boston Team.

Technology Review.

The January number of the *Technology Review* contains a very interesting article on "Mapping the Grand Canyon." The article deals with the life of the party who made the survey during 1902-1904. It is illustrated with interesting photographs.

Other articles of interest are, "Centennial Commemoration of William Barton Rogers," "Annual Meeting of the Alumni Association," and "The Technology Fund."

TECHNICAL EDUCATION ABROAD

A Comparison with that in the United States.

Technical education abroad finds its best development in Germany. The characteristic feature of the German system is specialization. It is always presumed that the young man has definitely determined the career upon which he expects to enter and that he will shape his education accordingly. By this it is meant that a selection is made, not merely of the industry or trade, but also of the grade of employment, whether as a skilled artisan, a foreman or superintendent, or as a general manager or employer. The fault of this, judged by American standards, is its lack of elasticity and consequently of stimulation to individual effort.

England has some finely equipped technical schools, though none equal to the best in the United States. France is notable for the elaborate system and generally wide geographical distribution of graded technical institutes. Austria, like France and Germany, has a well arranged system of industrial schools; the most admirable feature of Austrian technical educational opportunities is the high development of the industrial museums. The Belgium trade schools are of high rank, as are most other colleges of that country.

Maine Club Organized.

Twelve Maine men met in 26 Rogers yesterday at 1 p.m., to form a Maine Club.

W. F. Smart, '05, was elected temporary chairman and C. V. Danforth, '05, W. A. Clark, '05, J. P. Chadwick, '07, were appointed as a committee to draw up a Constitution and By-Laws.

Track Team Dinner.

Invitations for the Track Team Dinner have been left at the Cage for all men who entered the Fall Indoor or B. A. A. Meets. All men who are actively interested in track athletics, but did not receive invitations, will be most welcome. This dinner is to take place on March 11, and will be the feature of the usual Saturday night Kommers.

CALENDAR.

FRIDAY, MARCH 3.

- 4.00 P.M. Lecture on "Electricity in Mining," by Mr. T. W. Sprague. 2 Rogers.
- 4.00 P.M. Trials for the Mandolin Club in 31 Rogers.
- 4.15 P.M. Meeting of men interested in discussion of playrights and current plays. Room 11, Rogers.
- 6.00 P.M. Newton High School Club. Dinner at Tech Union.
- 8.00 P.M. Triangular Fencing Meet. Harvard, Cornell and Technology. Exeter St. Gym.

SATURDAY, MARCH 4.

- 1.00 P.M. Election for 1907 Technique Electoral Board closes. Ballots should be left at the Cage.

FACULTY NOTICES.

Stereotomy.

All deficiencies in Stereotomy are to be made up on or before April 8.

A General Secretary for the Y.M.C.A.

At a meeting held yesterday afternoon of representatives from the Faculty, the Boston Y.M.C.A. and the Tech Y.M.C.A., it was voted to employ a general college secretary for Technology next year. Professors Burton and Porter favored the movement as did Mr. J. E. Smiley of the Boston Y.M.C.A. The Boston Y.M.C.A. has offered to give \$400 toward the secretary's salary the first year provided the remainder, \$350, is raised at the Institute.

Fencing.

An intercollegiate triangular fencing meet will take place tonight at the Gym, between Harvard, Cornell and Technology. Admission 35 cents. Reserved seats 50 cents.

1907 Class Canes.

1907 class canes may be obtained of S. Schryver, No. 29 School Street, by those holding tickets. Any others wishing canes, should see Godfrey, Starkweather, Marsh or Dean, as soon as possible.

Bible Classes.

Mr. J. E. Smiley leads two classes on Sunday afternoons. The Freshman course meets at 2.30 and the advanced course at 4.30 in the Boston Y.M.C.A.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Application pending for entry in the Boston Post-office as second-class mail matter.

WILLIAM A. NICHOLS, PRINTER, 208 SUMMER ST., REAR

TO THE EDITORS OF THE TECH:

I have for some years been interested in play-going, and nothing has been to me more interesting than to talk over with the Tech man, by whose side I might happen to stand, the charm of this actress the fun of that actor, or the meaning of the piece. Plays have a particular appeal to us, here at the Institute, they present in a short evening, in an especially lively way, the effect it would take hours of reading in a novel to produce; and no comments could be more pungent, no appreciation more quick, no discussion more lively, than those a good play arouses in a Tech crowd. So I have had for some time a pet hope that fellows might care occasionally to get together to talk over good plays current or to come and thus to keep one another informed of really capital shows. For the pleasure of such companionship, I should be very glad to contribute, as provoker of discussion, short talks on particular plays or playwrights.

May I ask, then, to meet Friday afternoon at four, in Rogers 11, all fellows who would enjoy some such informal Playgoers' gathering? I

should like in a half hour or so to become pleasantly acquainted with these men, to hear any ideas they have about such a fellowship and to start things going by a talk on the English playwright, Mr. Henry Arthur Jones, especially his two comedies now on the Boston stage, "Rebellious Susan" and "The Middleman."

In appealing thus to every Institute man interested in plays, I would assure him that as officially, I try to help him in his work. I should feel personally, in no small way, privileged to share with him his pleasures.

H. L. SEAVER.

Men Wanted for the Mandolin Club.

The manager of the Mandolin Club reports that there are a number of places on the club to be filled. Guitar players are especially wanted. Those wishing to try for the Club, meet on Friday, March 3, or Tuesday, March 7, at 4 P.M., in 31 Rogers.

1907 Technique.

The election for 1907 *Technique* Electoral Board closes Saturday, March 4, at 1 P.M. Ballots have been left at the Cage for all whose class dues have been paid up to date; others may obtain ballots from the members of the Election Committee when their dues have been paid. Leave ballots at the Cage in the return envelope.

COLLEGE NOTES.

A movement to raise \$2,500,000 for Princeton University to install a system of tutors or preceptors to enable the teaching of students in small groups, has been inaugurated by the trustees.

Princeton has lost three of her biggest football players, Stannard, Ritter and Holden, through failure to pass their examinations. Five other men, Crawford, Burke, Foulke, Short and King, graduate in June. Unless 1909 brings a number of good men, this looks bad for Princeton's 1905 team.

Harvard expects J. P. Morgan to do much towards raising the alumni fund, of which the maximum estimate is \$10,000,000 and the minimum \$3,000,000.

Yale won the twelfth intercollegiate debate from Princeton, receiving the unanimous decision of the judges. Yale upheld the affirmative of the proposition that "The United States ought not permanently to hold territory it does not intend to admit to Statehood."

Filipino students in other American Universities, will soon begin the publication of a magazine. It will be printed in English and Spanish, and will be circulated through the United States, Europe and the Philippine Islands. Five hundred subscribers have already been received from Manila, where a business agent is located.

Dr. R. S. Woodward, dean of the faculty of Pure Science at Columbia University, has been elected president of the Carnegie Institution.

Cornell's co-operative store, which was started with a capital of \$800, is now worth \$1,400, after paying its members the \$2 membership fee and a dividend.

The University of Illinois ratified the Freshman eligibility rule, which requires that a student be in the University for at least one semester before he shall be eligible to compete on an athletic team. The fact that it was adopted without hesitation, shows that there was much sentiment in favor of it.

William Jennings Bryan has been chosen by the seniors of the University of Nebraska, to deliver the commencement oration.
